THE ALPINE VILLAGE BAND

The roots of polka in Texas run deep, back to the German and Czech settlers who arrived in the state's infancy. The Alpine Village Band originated from this rich culture nearly 50 years ago, and has been entertaining audiences in and around North Texas ever since!

The Alpine Village Band's latest incarnation plays not only polkas and waltzes, but also Cajun and Latin beats, country, boogie and rock, among many other traditional and contemporary styles of music. If you can dance to it, the Alpine Village Band can play it! The diverse experience of each member comes together to form a band for all ages and stages. The Alpine Village Band brings talent, fun audience interaction, and exciting performances to festivals, private parties, corporate functions and any other venue!

Bandleader Wes Kucera has played drums for the Alpine Village band for over 20 years, and represents five generations of Kuceras performing with the band. In 2004 Wes became a Grammy Recording Artist as he recorded on Brave Combo's CD *Let's Kiss*, which won Best Polka Album of the Year.

Byron Palla is the vocalist, sax, guitar and bass player for the Alpine Village Band. Brian Busch plays the electronic accordion and bass guitar. Sander Hickerson plays guitar, bass and sax, and provides lead and backing vocals. Molly Fine provide exquisite lead and backing vocals, and plays a mean tambourine!

The Alpine Village Band brings contemporary flair to traditional music, and continues to provide fun and entertainment to fans of all ages. For booking information, please email booking@alpinevillageband.com, call 214-724-1479, or visit alpinevillageband.com.
